Target

Technical Support, Developer Operations, and Quality Assurance

Summary

Technical support and quality-assurance candidate with accepted external documentation, reproducibility, and regression-test contributions before owned project evidence.

Accepted external work

freelawproject/litigant-portal PR 820: Documented the runnable database-free fast-test workflow.
Hebbian-Robotics/hflow PR 157: Added focused drift-test coverage for reserved columns.
vectorvoyager358/voxwire PR 44: Added offline recording-and-replay regression coverage.

Relevant skills

Regression design, reproducible setup notes, developer support, bug isolation, release checks, documentation, and user-facing troubleshooting.
Local-first tooling, GitHub collaboration, CI evidence, browser-safe validation, and concise issue/PR communication.

Experience

Technical Networking Support, Xbox/Microsoft contract | subcontracted through Stream/Convergys | Wilsonville, Oregon | 2014 to 2015
Full-time operations and commercial arboriculture | Legendary Tree (organization label) | April 25, 2015 to June 2, 2026
Legendary Tree is the applicant-provided organization label; no conventional job title or legal employer of record is asserted.
Freelance Technical Writer, Documentation, and Product Operations | independent practice | started 2017
Independent Systems Engineer | independent practice | started 2023
The 2017 and 2023 start years do not state current status or an end date; both remain unspecified.

Selected owned work

Flywheel v1.0.1: primary-platform; public route flywheel.html
BuildLang: compiler-toolchain; public route buildlang.html
Gather: research-intake-layer; public route gather.html

Education

High School Diploma, Wilsonville High School, 2013
