Employment

Arboriculture and Field Operations | Legendary Tree

Seattle area | April 25, 2015 to June 2, 2026

- Converted customer requests and site assessments into estimates, proposals, and job scopes, giving crews clear access constraints, work requirements, and priorities.
- Coordinated schedules and handoffs between clients, crews, and vendors; kept people informed when conditions changed the timing or sequence of work.
- Supported tree-care operations from the ground by monitoring rigging, swing paths, clearances, and nearby activity; communicated hazards so crews could adapt their work.
- Explained technical findings and practical options in plain language, helping customers understand the planned work and the reasons for site-specific decisions.

Technical Networking Support | Stream/Convergys | 2014 to 2015

Xbox/Microsoft product contract | Wilsonville, Oregon

- Resolved Xbox connectivity problems across TCP/IP, DNS, NAT, firewalls, and routers; documented troubleshooting steps for consistent support handoffs.

Self-Directed Projects

About 13 years self-directed | Career transition began June 2026

- Built tools and documentation for repeatable workflows; used tests, structured records, and explicit checks to make work easier to inspect and hand off.

Freelance Technical Writer | Independent projects | Began 2017

- Wrote implementation guides, API documentation, and release notes for developers and customers.

Education

High School Diploma | Wilsonville High School, Oregon | 2013
